How Bad Backs Have Been Made Strong
—Kidney Pills Corrected.

All over Norway you hear it. Doan's Kidney Pills are keeping up the good work. Norway people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passages are painful, scanty and off color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors. Follow this Norway citizen's advice and give Doan's a chance to do the same for you.

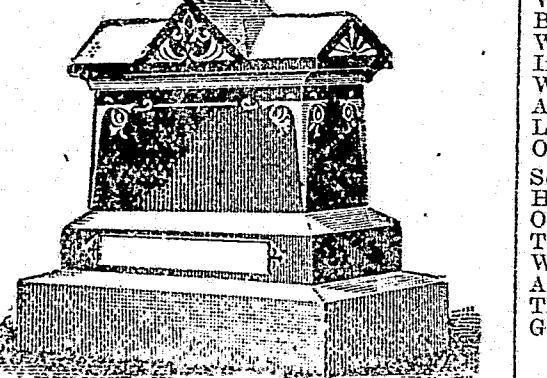

E. C. Libby, Sanborn St., says: "I had backache a great deal and it annoyed me to do anything. My head ached frequently, too. I also noticed little specks before my eyes and my sight blurred. I used various medicines, but it was left for Doan's Kidney Pills to give me lasting results. Since using them, I have had no return of the complaint and I have great confidence in Doan's."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Libby had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

IN MEMORIAM

Lines written by a friend in memory of
Marion F. Miller, who died Jan. 28, 1920.

There is anguish here in the household,
The parents with tearful eyes
Keep watch at the silent midnight,
O'er their loved one, so soon to die.
Hark! ever a trustful whisper
Is borne on the wings of prayer,
Their loved one's life to spare.
How can we lose thee, our darling,
But how can we give thee up?
Spare us this trial, of sorrow,
Oh spare us this bitter cup.
But the Lord heeds not their weeping
And the messenger comes at morn
To take away their loved one,
And leaves them alone to mourn.
Oh, death is so cruel!
Was there no aged one
Weary of life's great burdens
As long to lay them down?
Oh, grave, how canst thou cover
One in life's early bloom?
Couldst thou not find some lonely one
Seeking shelter beneath the tomb?
No answer comes to these ruthless foes
Our aching hearts to cheer,
But the Lord heeds not their weeping
And the messenger comes at morn
To take away their loved one,
And leaves them alone to mourn.
Oh, death is so cruel!
Was there no aged one
Weary of life's great burdens
As long to lay them down?
Oh, grave, how canst thou cover
One in life's early bloom?
Couldst thou not find some lonely one
Seeking shelter beneath the tomb?
No answer comes to these ruthless foes
Our aching hearts to cheer,
But the Lord heeds not their weeping
And the messenger comes at morn
To take away their loved one,
And leaves them alone to mourn.
Oh, death is so cruel!
Was there no aged one

But the Lord heeds not their weeping
And the messenger comes at morn
To take away their loved one,
And leaves them alone to mourn.
Oh, death is so cruel!
Was there no aged one
Weary of life's great burdens
As long to lay them down?
Oh, grave, how canst thou cover
One in life's early bloom?
Couldst thou not find some lonely one
Seeking shelter beneath the tomb?
No answer comes to these ruthless foes
Our aching hearts to cheer,
But the Lord heeds not their weeping
And the messenger comes at morn
To take away their loved one,
And leaves them alone to mourn.
Oh, death is so cruel!
Was there no aged one
Weary of life's great burdens
As long to lay them down?
Oh, grave, how canst thou cover

And the United States Circuit or District Court of the district in which such real estate is located shall have jurisdiction of proceedings for such condemnation."

2. That, by an Act of Congress approved March 1, 1911, (36 Stat. L. 961), among other things it is provided as follows: "Sec. 2. That there is hereby appropriated for the fiscal year ending June thirtieth, nineteen hundred and eleven, the sum of two million dollars for use in the examination, survey, and acquisition of lands located on the headwaters of navigable streams or rivers, and for the purpose of acquiring the same for the United States by condemnation, under judicial process, whenever in his opinion it is necessary or advantageous to the Government to do so. And the United States Circuit or District Court of the district in which such real estate is located shall have jurisdiction of proceedings for such condemnation."

3. That the National Forest Reservation Commission provided for in Section 4 of said Act, has been duly organized and is in compliance therewith; that the Secretary of Agriculture has examined, located and recommended the lands hereinafter described, which in his judgment are necessary to the regulation of the flow of navigable streams, and has reported to the said National Forest Reservation Commission the result of his examination; and that the said National Forest Reservation Commission has approved and recommended the same for purchase or acquisition by the United States, and the funds necessary for the payment for said lands are available when needed and said lands are necessary for the purposes of said Act.

4. That the Legislature for the State of Maine in which said lands lie, has by resolve thereof, approved March 23, 1919, (Resolves of the Legislature of the State of Maine, 1919, Chapter 122), authorized the acquisition of said lands by the United States for the purpose of establishing a National Forest Reserve and for preserving the navigability of navigable streams and the nature and character and location of the said lands are within the provisions of said Act or Acts.

5. That in the opinion of the Secretary of Agriculture and said National Forest Reservation Commission, it is necessary and advantageous to the Government to acquire title to said lands for the United States by condemnation under judicial process.

6. That, by an Act of Congress, approved August 10, 1912, the third section of the Act approved March 1, 1911, referred to in the second paragraph of this petition, was amended in the following language: "And in order to carry out the purposes mentioned in section three of the Act of March first, nineteen hundred and eleven, entitled 'An Act to enable any State to acquire title to any other State or States, or with the United States, for the protection of the watersheds of navigable streams, and to appoint a commission for the acquisition of lands for the purpose of conserving the navigability of navigable rivers,' there is hereby appropriated and made available until expended so much of the maximum sum mentioned in said section for the fiscal years nineteen hundred and twelve to nineteen hundred and fifteen, inclusive, and shall remain unexpended at the close of each of said fiscal years."

7. That the said appropriations contained in Act, approved March 1, 1911, were by said later Act approved August 10, 1912, continued in force until the present time for the purposes therein expressed; and that an additional appropriation now available for the said purposes was made by Act of Congress approved August 11, 1912, in the following language: "That in order to carry out the purposes mentioned in section three of the Act of March first, nineteen hundred and eleven, entitled 'An Act to enable any State to acquire title to any other State or States, or with the United States, for the protection of the watersheds of navigable streams, and to appoint a commission for the acquisition of lands for the purpose of conserving the navigability of navigable rivers,' there is hereby appropriated and made available until expended so much of the maximum sum mentioned in said section for the fiscal years nineteen hundred and twelve to nineteen hundred and fifteen, inclusive, and shall remain unexpended at the close of each of said fiscal years."

Sweden, Wednesday after a load of ap-
ple barrels they had bought at H. H.
Sisbee's mill.

Mr. and Mrs. Maynard M. Wentworth
of Denmark were the guests Sunday of
Mr. and Mrs. W. B. Lord.

At the regular meeting of the grange
on Jan. 16th, all officers except
gatekeeper were present. A large at-
tendance of members were also present.
The third and fourth degrees were worked.
Two applications were voted on and ac-
cepted and three applications were re-
ceived. After the degrees were con-
ferred lunch was served. Pursuant to a
vote of about six months ago for each
member to raise one dollar in some pecu-
liar way, each gave their experience. All
were very interesting, some extremely
laughable, some gave their rhymes.
In this manner \$27 was raised in rhymes.
It was found with other money received
that we had sufficient to fully pay for
the hall and lot after laying out about
\$250 in repairs. It was voted to pay
two-thirds of this leaving the remainder
as a working capital.

PRINCE ALBERT

the national
joy smoke
makes a whale
of a cigarette!

Copyright 1910 by
R. J. Reynolds Tobacco Co.

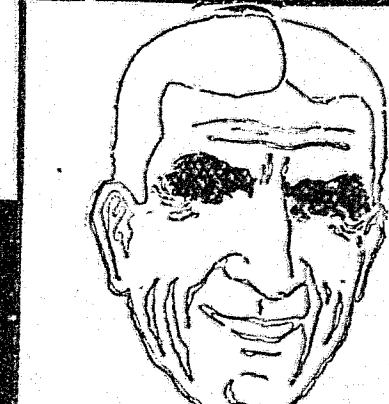

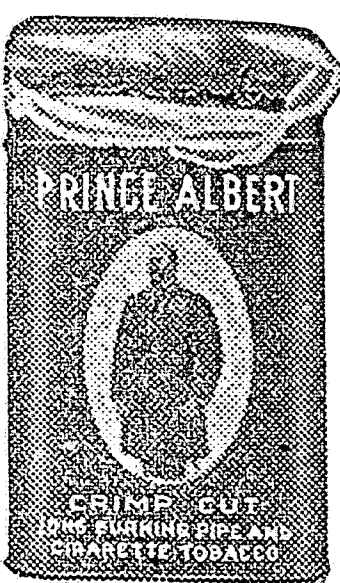

YOU certainly get yours when you lay your smokecards on the table,
call for a tidy red tin or a tippy red bag of Prince Albert and roll a
makin's cigarette! You'll want to hire a statistical bureau to keep count
of your smokestunts! Why, you never dreamed of the sport that lies
awaiting your call in a home rolled cigarette when it's P. A. for the
packing!

Talk about flavor! Man, man, you haven't got the listen of half your
smokecareer until you know what rolling 'em with P. A. can do for your
contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of
Prince Albert's quality—stands our exclusive patented process that
cuts out bite and parch! With P. A. your smokestunt in a makin's cigarette
will outlast any phonograph record you ever heard! Prince Albert
is a cinch to roll. It's crimp cut and stays put like a regular pal!

Prince Albert upsets any notion you ever had as to how delightful a
jimmy pipe can be! It is the tobacco that has made three men smoke
pipes where one was smoked before. It has won men all over the nation
to the joys of smoking.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

Awaiting your say-so, you'll
find tippy red bags, tidy red
tins, handsome pouch and
half pound tin humidors—
and that glass, practical
pouch crystal glass humidors
with sponge moistener top
that keeps Prince Albert in
such perfect condition!

RESOLUTIONS OF RESPECT

Whereas the Great Master has called to the Great Beyond our beloved sister, Ellen Poor.
Be it resolved: That in the passing of Sister Poor, Buckrook Grange No. 140, P. of H. has lost a worthy and true member, one who at all times was willing to render whatever service she could in the true spirit of fidelity.
Be it further resolved: That in memory of Sister Poor our choruses be draped for thirty days, a copy of these resolutions be sent to the bereaved family, one to the Norway Advertiser for publication, and one spread up on the records of this grange.

For the voices heard no more,
Knowing we shall meet our loved ones

It is surprising how many people are coming to Maine at the present time to enjoy winter sports. All that is needed is a little advertising to make it a real vacation season and greatly increase the number of visitors seeking the delights of the period of snow and ice in this state.

Fryeburg

E. Chandler Russell of Fryeburg Center has been a recent visitor to Augusta.

He was called to the capital to look after matters connected with the farming industry of the State.

The Fryeburg Woman's Library Club held its seventh regular meeting in the library on Friday afternoon. There was a very large attendance of the members and their friends. The meeting was called to order by the president, Mrs. Susan W. Merrill. The literary exercises were conducted by Mrs. Leonora T. Hamilton, chairman of the fifth standing literary committee with Mrs. Louisa Wiley of the music committee in charge of the music.

Mr. Welch made an earnest, instructive address which was filled with good ideas of the need, the value and responsibility of the community interest for the social welfare of its boys and girls—the citizens of the future. Miss Glines' paper contained many suggestive thoughts of the life of other days of the past.

Charles C. Warren, formerly a resident of Fryeburg, and now of Arlington, Mass., was elected in November, the representative from that town to the general court or legislature of Massachusetts. Since taking his seat on this month, he has been assigned to a place on the important committee, ways and means, a signal honor for a new man.

CATARRH DOES HARM

Whether it is of the Nose, Throat, or Other Organs, Get Rid of It.

Catarrh of the nose or throat when it becomes chronic weakens the delicate lining tissues, deranges the digestive organs, and may lead to consumption. It impairs the taste, smell and hearing, and affects the voice. It is a constitutional disease and requires a constitutional remedy.

The Hood's Sarsaparilla, which by purifying the blood removes the cause of the disease and gives permanent relief. This alternative and tonic medicine has proved entirely satisfactory to thousands of families in these generations.

If there is biliousness or constipation, take Hood's Pills—they are a thorough cathartic, a gentle laxative.

PROPAGANDA

Fred Sanborn has had nothing to say about my ads lately. I must be going backward. I don't know whether it is because he is so busy with his tin can propagandist or whether he don't read the two papers. Why should anyone buy or borrow a copy if Fred don't read it himself? That reminds me of the shoe-maker and his barefoot boy.

I guess in order to start something I shall have to introduce a new animal to the Zoo which Shav Noyes with his snapping turtles and V. Akers with his rabbits are starting.

Mine is the Ichthyosaurus. The story follows:—

"The Ichthyosaurus lived long ago
On the plains of Timbuctoo:—
Where the water was H²O
And the air was CO².

Now the Ichthyosaurus knew nothing of graphophones. A graphophone records sounds. A Phonograph sounds records. Or vice versa. A Grafonola is the product of the Columbia Company, the Victor a of the Victor Company. "Talking Machines" cover the whole ground.

Even I have seen the time when the T. M. was an annoyance—when I wished to shut out with sleep—but since I have found a better way, the T. M. is never an annoyance—That was before I sold them.

Now the Ichthyosaurus never owned a T. M. Who wants to be an Ichthyosaurus—to whom the air is heavy and the water tastes bad and everything is generally off color and out of joint?

Many people think nothing of paying \$300.00, \$400.00 or \$500.00 for a piano. It is never anything but a piano and very seldom does anyone happen along who can make real music on it. If the good intentions of parents and the enthusiasm of pupils could be spurred on by such inspiration as a T. M. can give, many more would pass beyond the first stage and become proficient players and the money spent for instrument and lessons be a good investment.

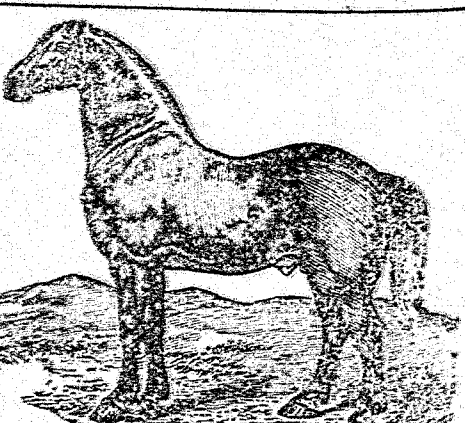

A T. M. is every singer of prominence in the world. It will give one all the inspiration each artist has and is ready to perform for you when and as often as you may wish. A T. M. is not only a piano and its player, but it is every other kind of an instrument and performer that exists and it is always ready to furnish you with entertainment. Think of it—truly wonderful!

One man (or was it a woman) told me he had a talking machine at home (small) but he wanted one he could stop when he wanted to. I showed him a self-stopper and he bought it. Now he can sit down to dinner or go to bed by music "and they lived happily ever after." Who wants to be an Ichthyosaurus?

If the farmer's wife has fresh eggs or butter to sell the housewives in town all want to know of it. There is always a charm to something just from the farm. Put an ad in the Intelligence Column, it will bring results.

If Mrs. So and So is putting in new furniture and has a few pieces of her old set to dispose of, there is always someone less fortunately situated who wants it. The Intelligence Column can do the work. Try it.

YOUR CHILDREN NEED LAXATIVE

Children need your closest attention, especially after "stuffed" themselves with sweets, etc., at a party or the like, or after a long ride in a car. They are liable to get up in the morning complaining of cramps, bad tasting mouth; it is able to have pulled eyes from restless slumber; feel tired and cranky; distempers and whimpering. Act promptly. Give them a dose of Dr. Ayer's Little Children's Laxative and Worm Expeller, which millions of mothers were given by their parents, and who themselves are administering today, to their little ones.

Only the purest of herbs are used—no harmful drugs—will relieve pleasantly the ordinary cases of children's illness, constipation, worms, etc.

Symptoms of Worms: Constipation, deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly, with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, or dry cough, grinding of the teeth, little red spots sticking out on the tongue, starting during sleep, slow fever.

Mrs. Wm. G. Bonin of Caddo, Oklahoma, wrote regarding Dr. True's Little Children's Laxative and Worm Expeller: "We have used it for our children for the last twelve years, and certainly know the value of it."
